**ITALIAN LANGUAGE PROGRAM**

at GAIA we have as a priority understanding Italian culture throughout its local traditions, habits, gestures and all of the other elements that are of great importance in Italy. All of the courses include interaction and recreational activities outside the school so that the student can experience Italian culture further than its teaching area. Our courses are characterized by presenting the student the concept of study holidays, in which the student can study and enjoy of a vacation period at the same time.

## Standard and Intensive Italian language

(from absolute beginner level to the upper level)

The student starts by learning the basic day-by-day expressions of Italian language and culture in order to start the process of understanding Italian. In this course level, students are able to develop the ability of expressing themselves in Italian, conjugating frequently used verbs, making questions and being able to describe any situation and extending their own opinion.

## Italian language course for families.

GAIA's Italian Language Course is designed for families that want to experience a pleasant vacation together.

It is an exclusive course. A teacher guides each family in order to make the learning process better and create a cultural bond. Our programs are personalized for each family and its individual needs.

The course includes a culinary lesson in which the family will have the experience of cooking typical Italian recipes. The course also includes a visit to Caprera isle or to Giuseppe's Garibaldi museum.

## flexible programs for our students needs

At GAIA Institute students will find flexibility regarding the courses offered by the school. Students are able to choose the program that goes best with their interests. Our courses are organized by modules in which you are free to select the best for you!

LIVE THE GAIA EXPERIENCE IN SARDINIA!
